Forecast For Yorkshire & the Humber
Issued by Met Office Exeter
at 1600 on Sunday 28 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain, especially in west, becoming lighter by Monday morning. Windy.

This Evening and Tonight:
Cloudy and mild overnight with outbreaks of rain, these patchy in the east, but heavy at times on western hills. Rain becoming lighter and confined to the west more generally by Monday morning. Windy, with gales across high ground. Minimum temperature 11 deg C (52 deg F).

Monday:
Patchy light rain across western hills mostly dying out by afternoon, with some bright or sunny spells developing in the south and east later. Strong winds gradually easing. Maximum temperature 17 deg C (63 deg F).

Outlook for Tuesday to Thursday:
Tuesday less windy, but dry and warm with long sunny spells developing. Wednesday turning cloudier with a little rain later. A chilly start to Thursday, then dry with sunny spells.
